

An award-winning EL Education School in Washington, DC

2019-2020 Position Available: Lower School Math Specialist

Capital City Lower School is looking for a dedicated & talented Math Specialist for the 2019-2020 school year with interest and expertise in math and math interventions. The Lower School Math Specialist provides expert attention to the needs of students in the area of math. This work is done through coaching teachers around best practices in mathematics instruction and targeted small group instruction with students. The Math Specialist supports teachers in the implementation of effective mathematics instruction through consult, modeling of best practice instruction, support with data collection and analysis and professional development. Capital City serves a diverse population and seeks an instructional staff reflective of our student body.

This is a 10-month position, which is exempt and therefore not eligible for overtime pay under the provisions of the Fair Labor Standards Act.

The many and varied responsibilities of the Math Specialist include:

- Providing leadership role in the area of mathematics instruction for the school and school community.
- Providing mathematics intervention and instruction to individual and small groups of students in grades K-4 using a constructivist approach focused on fluency, real-world application, and conceptual understanding.
- Maintaining an in-depth knowledge of best practice, common core aligned mathematics instruction.
- Training other staff, as needed, in implementing our mathematics curriculum, or other intervention instruction. This includes implementation of lessons as well as data collection, tracking and use in planning next steps for students.
- Assisting in coordinating a school-wide mathematics program that meets the needs of all students in collaboration with the building Principal, Early Childhood Director, Instructional Coach and teaching staff.
- Serving as a resource for teachers by demonstrating and suggesting strategies, ideas or materials that can enhance instruction and support students

At least two of the following are required: Masters degree in education or field of instruction, 2+ years of full-time teaching experience, standard teaching certification. Candidates **must** additionally meet NCLB qualification standards. Candidates should be extremely knowledgeable about teaching mathematics to elementary-aged students. Candidates should also have: a commitment to meeting the needs of a diverse population, experience working in urban environments, strong knowledge of pedagogy and experience teaching in a constructivist way, proven ability to work as a member of a team, strong leadership capabilities, and a commitment to their own learning.

Compensation and Benefits: Capital City offers a competitive salary commensurate with experience and a comprehensive benefits package

To Apply: Email your resume and letter of interest to capitalcityjobs@ccpcs.org. Please include the position title in the subject line of your email. Visit our website at www.ccpcs.org for additional information about our organization.

About Our School: Capital City was founded in 2000 and now serves 993 students in grades PK-12. In 2012, the entire school relocated to a newly renovated single campus in Ward 4. Capital City has been a model for school reform in the District. The school implements the EL Education model (www.elschools.org). Through this model teachers craft expeditions that incorporate projects, research, fieldwork, and service to support students in meeting rigorous standards. Capital City's program also emphasizes a strong social curriculum, a commitment to diversity, a strong inclusion model and the integration of arts into the curriculum.

Capital City is an equal-opportunity employer. We do not discriminate on the basis of race, color, national origin, marital status, religion, sex, age, sexual orientation, disability, or any other protected status. All employment decisions will be made solely on the basis of the individual's qualifications as related to the requirement of the position being filled.
