

2019-20 SCHOOL YEAR

SCHOOL HEALTH PROFILES FORM

Healthy Schools Act of 2010

Under Section 602 of the *Healthy Schools Act of 2010* (L18-0209, DC Official Code § 38-826.02), each public school and public charter school within the District of Columbia is required to:

1.) **Complete and submit** the online School Health Profile (SHP) form to the Office of the State Superintendent of Education (OSSE).

2.) **Make the completed profile available to the public** by posting it online, if the school has a website, and making the information available to parents in the school's main office.

Any public school or public charter school that fails to complete and submit its SHP form to OSSE **on or before Feb. 17** of each year will be out of compliance with Section 602 of the Healthy Schools Act of 2010. The School Health Profile is used by OSSE to inform the School Report Card. Non-compliant schools will not include data from their School Health Profile on their School Report Card.

Section 4: Physical Education Instruction

Recommended point of contact for this section: Physical Education Teacher

Important Definitions for this Section:

<u>Physical Education:</u> Physical education (PE) is instruction based on the District of Columbia Physical Education Standards, of which at least 50% of the time is spent in moderate to vigorous physical activity (DC Official Code § 38–821.01). As SHAPE America explains, "physical education provides students with a planned, sequential, K through 12 standards-based program of curricula and instruction designed to develop motor skills, knowledge and behaviors for active living, physical fitness, sportsmanship, selfefficacy and emotional intelligence."

<u>Physical Education Minutes:</u> The Healthy Schools Act sets requirements for physical education and physical activity by grade band. For students in grades K - 5, schools shall provide an average of 90 minutes of physical education per week, with a goal to provide an average of 150 minutes per week. For students in grades 6 - 8, schools shall provide an average of 135 minutes of physical education per week, with a goal to provide an average of 225 minutes per week. At least 50 percent of physical education time shall be spent-on-moderate to vigorous physical activity (movement resulting in substantially increased heart rate and breathing). (DC Official Code § 38–824.02).

<u>Physical Activity:</u> Physical activity means bodily movement, including walking, dancing, or gardening (DC Official Code § 38–821.01). Physical activity promotes normal and healthy growth and development. It can help reduce the risk of chronic disease and improve general health and overall daily function in people who do it regularly. For students in grades K-8, it shall be the goal to provide 60 minutes of physical activity per day (DC Official Code § 38–824.01). For students in grades Pre-K3 and Pre-K4, schools shall provide an average of 60 minutes of physical activity per day, with a goal to provide 90 minutes of physical activity per day. (DC Official Code § 38–824.02). For this question, please indicate a daily average between 0 and 135 for grades Pre-K3 and Pre-K4.

<u>Moderate-to-Vigorous Physical Activity:</u> Movement resulting in a substantially increased heart rate and breathing (DC Official Code § 38–821.01).

<u>Moderate-to-Vigorous Physical Activity Minutes:</u> This number should include the time that students are participating in moderate-to-vigorous physical activity. It should NOT include time devoted to administrative tasks, transitions, or breaks. The number reported in question 30 cannot exceed the number in question 28. For students in grades K – 8, at least 50 percent of physical education time shall be spent on moderate-to-vigorous physical activity (DC Official Code § 38-824.02). For this question, please indicate a weekly average between 0 and 225 for grades K – 5, and a weekly average between 0 and 300 for grades 6 – 8.

<u>Recess</u>: Recess and Outdoor Physical Activity: Recess and outdoor physical activity is a regularly scheduled period in the school day for physical activity and play that is monitored by trained staff or volunteers. During this time, students are encouraged to be physically active and engaged with their peers in structured physical activities or activities of their choice, at all grade levels. Schools shall provide recess and outdoor physical activity for all students on a daily basis (weather and space permitting). For students in grades K - 8, it shall be the goal to provide at least one recess of at least 20 minutes per day. For students in grades Pre-K4 and Pre-K4, it schools shall be the goal to provide at least two 20 minute sessions of outdoor physical activity per day (DC Official Code § 38–824.02).

28. For each grade span in your school, please indicate the average number of minutes per week during the regular instructional school week that a student receives physical education instruction. This does NOT include recess or after school activities.*^

Important Definitions for this Section:

<u>Alternative Breakfast Serving Model</u>: An alternative breakfast serving model is a model of serving breakfast, such as breakfast in the classroom (BIC) or breakfast on grab-and-go carts, in which breakfast is offered in one or more locations with high student traffic other than the cafeteria. With alternative breakfast serving models, breakfast is also available after the start of the school day or both before and after the start of the school day. The model must be proven to increase student participation in breakfast relative to the traditional serving model, in which breakfast is served in the cafeteria before the start of the school day. Other alternative serving models may be used but may require approval by OSSE.

Data from the School Health Profile will be used to complete the Environmental Literacy Indicator Tool, a biennial survey used to determine progress on environmental literacy goals in the Chesapeake Bay Watershed Agreement. In the future, compiled results will be available on the chesapeakebayprogress.com website.

Important Definitions for this Section:

School Gardens: outdoor spaces that engage students through hands-on lessons that enhance learning.

<u>Meaningful Watershed Educational Experience (MWEE's)</u>: Provide students with a better understanding of the natural environment by connecting classroom learning with outdoor field investigations. MWEE's encourage students to define an environmental issue, investigate the issue by collecting data through outdoor field experiences, take action to address the environmental issue at the personal or societal level, and then analyze and evaluate the results of the investigation to communicate findings to an audience. More information about MWEE's can be found at http://www.chesapeakebay.net/publications/title/meaningful watershed educational experience.
