Our meals are prepared under properly controlled temperatures and assembled daily, only hours before delivery, and not more than 24 hours. Our food is served hot or cold, it is not frozen, or packaged several days before. Since we prepare our meals daily, we will deliver them in a 4 hour window once they are out of our oven.

You will have fun with all of the variety of meals choices we prepare. We serve Latin American, Mexican, Salvadorian, Indian, Venezuelan and classic comfort food.

We make the most delicious, varied and freshest food around, including ingredients from local sources to support regional farms and neighbors in the local business community.
